Bidder Registration Agreement

This Bidder Registration Agreement (“Agreement”) is entered into by Bidder (as described in the attached Bidder Registration Form) in connection with the 2019 Entergy Arkansas, LLC (“EAL”) Request for Proposals for Solar Photovoltaic Resources (the “RFP”).

Bidder acknowledges that, once executed and delivered to EAL by Bidder, EAL is entitled to rely on the terms of this Agreement, including, without limitation, information provided by Bidder in the attached Bidder Registration Form, and Bidder hereby waives and disclaims any legal or equitable defense derived from or otherwise arising out of EAL’s not being a signatory to this Agreement.

Bidder acknowledges and agrees that (i) the execution of this Agreement by an authorized representative of Bidder and the completion of a Bidder Registration Form for each resource that Bidder wishes to register must be delivered to ealrfp@entergy.com by 5:00 p.m. Central Time on March 1, 2019 and (ii) a proposal submittal fee of \$10,000 per resource will be due by March 13, 2019, are requirements for Bidder’s continued participation in the RFP process. Only Bidders registered in accordance with the RFP will be permitted to submit proposals in this RFP, and only resources registered in accordance with the RFP will be eligible for submission. It should be noted that it is a requirement of the RFP for all Bidders to submit build-own-transfer acquisition pricing to be evaluated as part of the RFP.

By no later than March 7, 2019, EAL will invoice Bidder for the aggregate amount of the Proposal Submittal Fee(s) due and owing to EAL. Bidder will remit to EAL, by wire transfer to the wire address set forth in such invoice, full payment of such invoiced amount by no later than March 13, 2019. In the event that Bidder does not pay the proposal submittal fee for each proposal, the proposal(s) will be considered non-conforming and eliminated from further consideration under the RFP.

IN WITNESS WHEREOF, Bidder has executed this Agreement as of _____, 2019.
